The American Law and Economics Association solicits submissions of papers for our 2019 annual meeting, which will be held at New York University School of Law.

To submit a paper for consideration, please click

Choose the "Submit Papers" link on the left-hand side of the screen.

Here are the ground rules for submission:

- **Number of submissions:** You can submit at most (2) papers.
- **Topic area:** Each paper can be submitted to at most one (1) topic area (areas are listed at the end of this document)
- **Number of Conference presentations:** You can present only one (1) paper at the Conference. If you submit two papers, and both are accepted, you can present one and a co-author must present the other.
- **Membership:** Only complete papers, submitted by ALEA members, will be considered. **Although you can submit a paper without paying ALEA dues, your paper will not be considered until you pay the dues.**

- **Revisions:** Submissions cannot be revised after the submission deadline passes. If a paper is selected for inclusion in the Conference program, the author(s) will have an opportunity to revise it prior to the Conference date.
- **Commitment to attend:** Submission of a paper entails a personal commitment to attend the meeting and present the paper at any time during the meeting should it be selected for the program (in the absence of extenuating circumstances). **Authors who are unable to present at certain dates or times should indicate this at the time of submission.**
- **Decision letters:** The ALEA Program Committee will send decision letters in mid- to late-March 2019.

Note on membership: To become an ALEA member or renew your membership for 2019 (\$70; \$30 for students), go to www.amlecon.org. To see if you have paid your dues, please

- select the “Membership Services” link; (ii) “click here” where indicated to enter the membership registration section; (iii) enter your email address (name is optional); and
- click on your user name. You will see your membership status at the bottom of the page (including the “paid through” date). Please do not email ALEA asking if you have paid your dues, unless you really need to do so.

Topic areas: There are 16 topic areas for submission. Each area covers both empirical and theoretical contributions. For each topic area, at least two Area Organizers will provide expertise in evaluating submissions. They will review the papers and recommend session panels to the Program Committee, which has ultimate responsibility for constructing the program. Papers authored by Area Organizers or members of the Program Committee (other than the chair, who is not allowed to submit) will be evaluated anonymously by subject matter experts selected by the Program Committee chair. All Area Organizers will be able (and are encouraged) to recommend to the Program Committee re-assignments of papers they feel would be better considered in another area.
